Tips for Choosing a Topic

- Use books, magazines, and the Internet to find information about:
 - A fascinating person
 - An interesting place
 - Or a new or interesting product

- Who will be your audience? a friend? a family member? your classmates?

- What is your purpose in writing: to inform? to entertain? to persuade?

- Imagine a filmmaker wants to make a documentary film about your topic. How would the film begin? What would be in the first scene?
